## Interview Advice for Jobs in Tune with the Present Job Market Conditions

Interview is the first step to get a job. Every job requires you to interview. If you fulfill the interview requirements then only you are eligible to get a job. The job interviews are not same everywhere. The patterns of the job interview might be same but the requirements of the interviews differ. There are some tips which are useful for you to get a job in this present market conditions. These tips can help you to **find job** of your choice. If you get the job you want then you would be happier to perform it.

The tips for job interview are-the first and foremost step is your preparation. Your preparation for the interview is a must. Secondly you should be aware of the interview pattern and with whom it is going to be, how long it is going to lasts etc. They say the first impression of the interview counts; find out to what extent it counts, your body language also counts a lot. It is a non-verbal communication that takes place between you and the interviewer.

The interviewer is generally the employee from the Human resource Department. Mostly the Human resource managers conduct interviews. They are responsible for hiring talented and skilled employees. The human resource managers should be very much capable of finding the right kind of employee for the vacant position. The **human resource director** is a person who is on the top positions of jobs in the jobs levels. The Human resource director is responsible for handling various departments in the organizations. The human resource director has more job functions when compared to the human resource managers.

The human resource employment is an easy department. But the human resource employment lies under the head of human resource director. He is responsible to fulfill the human resource employment requirements.
