U.S. Bank can trace roots to the 1850s, when Farmers and Millers Bank in Milwaukee grew into the First National Bank of Milwaukee, then First Wisconsin, and finally Firststar, or to the State Savings Institution in St. Louis, which became part of the Mercantile Trust Company. The current U.S. Bancorp is a result of the 2001 merger of Firststar and U.S. Bank, with their headquarters in Minneapolis, Minnesota.
