

Albertson's Jobs

Introduction- Albertson's is a chain of supermarkets which operates approximately 463 grocery stores in Wyoming, Washington, Utah, Texas, Nevada, Oregon, New Mexico, North Dakota, Montana, Louisiana, Idaho, Florida, Colorado, California, Arizona and Arkansas. It is a subsidiary of SuperValu Inc.

About Albertson's: Albertson's, Inc. is the second largest grocery store operator in the U.S. after Kroger Co. However, it also trails the Wal Mart Stores in food retailing which is the category's current leader. The company acquired the Star Markets and Shaw's chains for \$2.4 billion in April 2004 after which it operates over 2500 stores in as many as 37 states such as New England, Mid-Atlantic, Midwest, Southwest and the West.

The beginnings of Albertson's have been small town but it evolved to become a suburban operation by the beginning of 2000s. Although it has expanded from coast to coast, it still remains a western chain predominantly since over half of its stores are located in that region.

The history of the company turned the expansion of a shopping concept based on which it was founded and led to larger stores which carry diverse products. Today it has evolved to become giant food and drug shopping stores which are the key to Albertson's success.

Employment at the Albertson's: Jobs in Albertson's offer applicants the opportunity to work in fast paced, exciting pharmacy and store environments. The company offers opportunities throughout the West and Northwest to skilled individuals who are determined to make a difference to the customers.

Albertson's jobs not only come with a complete benefits package but also include a unique work environment with plenty of growth opportunities. The company cares for its employees and strives to create a supportive, stimulating work environment for them. It offers a wide range of benefits along with a competitive pay.

Full time employees at Albertson's enjoy generous compensation options. Jobs at Albertson's also include career advancement opportunities, training programs, flexible schedules and a fun work environment. The benefits program offered by the company includes various options for future planning such as tuition assistance programs, stock purchase plans and 401(k) retirement benefits for eligible employees.

Employees at Albertson's also receive insurance coverage. The insurance benefits offered by the company include vision, dental and medical care plans. Disability insurance, short term care and life insurance options offer qualified employees adequate assistance.
